2. Full charter bookings are not confirmed until an advance payment of 30% of the trip (see details on your invoice) has been paid. The remainder of the payment has to be paid 120 days before cruise departure.
4. Delinquent payments can cause a booking cancelation. By forwarding the deposit for passage, the client certifies that he/she does not have a physical condition that would create a hazard to him/herself and/or other passengers and agrees to these terms & conditions.
5. After booking confirmation, the agent or guest will receive a divers.doc via email. We require all guests to fill in all guest details and send back to us latest 30 days before the journey. Failure to do so, or providing incomplete data, might result in difficulties for port clearance, delayed pickups, delayed departure, unavailability of rental equipment, etc.

TRAVEL DOCUMENTS

1. You need to have a passport that is valid for 6 months after the date of entering Indonesia.
2. You are required to check whether you need a visa to enter Indonesia. Blue Bay Divers is not, may not and cannot be held liable or responsible for missing the scheduled departure of the booked trip due to visa problems.

LIABILITY

1. Blue Bay Divers and KLM Sunshine may not be held liable or responsible in any way for any occurrence on this cruise/dive trip which may result in personal injury, property damage, wrongful death or other damage to you or your family, heirs, or assigns that may

occur as a result of the participation in this boat trip and scuba dive(s) and excludes liability for matters such as baggage loss or damage, expense or inconvenience caused by delayed or cancelled transportation service, flight delays or cancellations, change of schedule, strikes or other conditions beyond Blue Bay Divers and KLM Sunshine's control.

2. The diving organizer is obliged to exercise due care and diligence as required in the normal course of doing business. We undertake, therefore, to provide the services of the diving package with the assured quality and without impairments. No liability is assumed for items, which normally are not taken along in luggage. The diving organizer is not liable for unsatisfactory services provided by third parties which the diving organizer merely facilitates on behalf of its diving customers (e.g., excursions, tours). Every diving participant participates in the diving trip and any connected activities at his own risk and is individually and wholly responsible for his own person. He has to take the required safety precautions in particular situations, e.g., securing his person below deck and on deck, in the water and on land, putting on lifebelts or life jackets. The diving trip participant declares, furthermore, that he will forego (waive) any liability claim and any claims for compensation for damages to life, limb and property against the diving trip organizer and his employees as well as other participants on the diving trip except in cases of intentional misconduct or gross negligence. This also applies to damages due to participation in the diving trip as well as to all risks connected with compressed air diving. For compressed air diving you require certification or the badge, of a recognized diving organization, such as PADI. It is in your own interest to be sufficiently qualified and able to show your certification at all diving activities. All duties and rights of the ship's owner, diving teacher and crew are not affected by this agreement.

In the event that a dive is not advisable or dangerous to the health and the life of the diving participants or in case of danger for the ship or crew on account of bad weather, dangerous seas, acts of God, a political incident and events over which Blue Bay Divers has no influence, the ship's owner, the captain as well as the diving instructor may delay or cancel a diving trip on his own discretion. This applies as well during the course of a diving trip. In such an emergency all diving participants must abide by the decision of the ship's owner, diving instructor or the captain and to follow their orders. Furthermore, during a dive and during all other activities pursued on a diving trip, any and all instructions of the diving guide and his assistants must be carried out. In the event that a participant fails to abide by such instructions, Blue Bay Divers and KLM Sunshine may exclude such participant

from the dive or activity. It is generally forbidden to dive alone. The participants in a dive must always stay together, dive and surface together and part again from their diving partners on returning to the starting point (beach, boat, etc.) only. This applies to assign diving partners as well. The participants agree to observe all diving rules and security standards. Participants must honour the maximum diving depth permitted by diving certification or the relevant national legal regulations. The maximum depth may not, however, under any circumstances exceed 30 meters. Any violation will lead to the exclusion from the dive and in case of recurrence of such a violation from the diving trip, without the right to reclaim the travel expenses or any part thereof. The diving organizer assumes no liability in case of theft, damage or loss of diving equipment or any other personal property. The diving participant, however, is liable for any damage to or loss of equipment that has been provided. The diving participant agrees to ascertain before every dive the proper functioning of any equipment he will use. The diving participant acknowledges that he received the provided equipment in the good condition and working order and agrees to return it in functioning order. To pursue or harpoon fish or other creatures in or under water during a dive is forbidden. Violators will be excluded from further dives.

3. Each participant is required to sign a Liability Release and Assumption of Risk Agreement before the trip, as well as the KLM Sunshine Divers.doc
